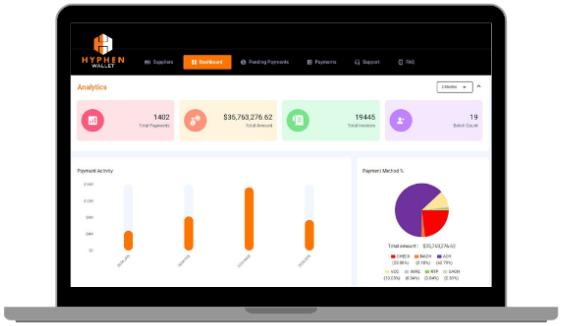
Time Savings



Delivering Immediate Bottom-Line Value

Streamline the residential construction accounts payable process to increase payment efficiencies, eliminate paper-check payments, and reduce AP costs. Hyphen Wallet delivers over $105,000 in benefits for every $100 million in accounts payable spend.

Pay 100% Electronically

Pay 100% of invoices with an integrated payment process using ACH, Virtual Card, Electronic Print Check, RTP, Same-Day ACH and Wire. Every payment is optimized to pay Suppliers efficiently with faster payment delivery.

Fully Integrated Payment Processing

Hyphen Wallet streamlines AP payments by seamlessly integrating with Hyphen HomeFront, which in turn connects to Sage Intacct, Sage 300 CRE, and QuickBooks. Thus, providing a fully integrated solution for streamlined financial and accounts payable management. From preparation to final submission, Hyphen Wallet delivers real-time payment status updates, driving automation and efficiency at every stage of the process.

Comprehensive Payment Services

Hyphen Wallet continuously enables Suppliers for electronic payment and validates Supplier payment information as it changes over time. Unburden your AP team from these tedious tasks, allowing them to focus on more strategic, high-value initiatives. No longer manage Supplier payment types as Hyphen Wallet manages and updates all payment data, including sensitive bank information.

Key Differentiators:

- ✓ Fully integrated to Hyphen HomeFront: no IT development required
- ✓ Mitigated payment risk
- ✓ Most comprehensive payment offering, including Virtual Card, ACH, Wire, RTP, Same-Day ACH, Next Day ACH, and Electronic Print Check
- ✓ Customer and Supplier payment platforms including real-time payment status
- ✓ Supplier payment support team handling status inquiries and payment modifications
