

All-in-One Construction Management Software for Residential Builders

Brought to you by Hyphen Solutions, the makers of BuildPro

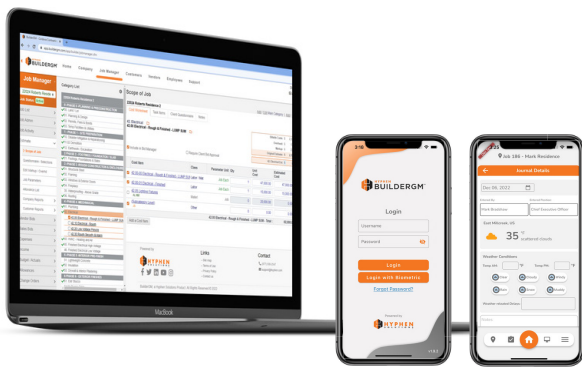

BuilderGM can take your construction business to the next level.

Simplify your home building process with BuilderGM – streamlining operations through seamless communication, collaboration, coordination and control.

BuilderGM is a great fit if you are a:

- ✓ Small to Mid-Sized Home Builder
- ✓ Remodeler
- ✓ Commercial Contractor
- ✓ Specialty Contractor
- ✓ Multifamily

Template Driven

Templates are the foundation of BuilderGM and provide the building blocks for estimating, scheduling, options, selections, specification and cost tracking. Set your template up once, refine as you go, and use for a lifetime.

Estimates and Proposals

Estimate jobs quickly and accurately. BuilderGM provides template driven estimating for fast and easy job scoping. It automatically generates a client questionnaire, a job specification and a schedule as you scope your job so that you don't miss anything. Create polished, professional presentations for your clients. With BuilderGM, you can achieve success in keeping your pipeline full while spending less time on the process.

Anywhere, Anytime

Work anywhere, anytime with BuilderGM's fully integrated Web and Mobile Apps. Track time worked and apply labor costs to your jobs with online and mobile time entry. Become more efficient and put time back in your day by using BuilderGM.

Easy Implementation

Getting started is quick and easy. You get immediate access to the platform and with BuilderGM's powerful template-based system and our implementation support specialists, you will be up and running on BuilderGM in hours, not weeks or months. Quickly improve your productivity and efficiency and start reaping the benefits.

ePayables Powered by Hyphen Wallet

The innovative ePayables feature within BuilderGM, powered by Hyphen Wallet, revolutionizes your transaction processes. This integration not only automates and streamlines payments but also enhances financial security, ensuring your focus can remain on strategic decision-making and growth.
