## HYPHEN WALLET: Unlock the Value in Your Payment Process to Achieve Remarkable Results

### Integrated Electronic Payments

Hyphen Wallet transforms how companies using Hyphen BRIX manage their Accounts Payable (AP) payments. Users can now facilitate all AP payment types in a single step process, optimize payments for cost savings, and generate additional revenue through Virtual Card+ rebate\* programs. Hyphen Wallet, as a natively integrated payment solution, saves time, money, and headaches by consolidating multiple AP processes into a single, automated system.

Below are examples\*\* of Hyphen BRIX + Hyphen Wallet users illustrating the range of cost savings\*\*\* and rebates customers can expect:

 	 BRIX Customer #1	 BRIX Customer #2	 BRIX Customer #3
<b>Annual AP Spend per Year</b>	\$32 MIL	\$110 MIL	\$1.8 BIL
<b># of Payments per Year</b>	3,852	6,411	102,576
<b>% of Payments by Check</b>	100%	60%	27%
<b>ROI ESTIMATES</b>			
<b>Annual Cost Savings</b>	\$15,839	\$19,771	\$113,883
<b>Annual Rebates Generated</b>	\$55,890	\$121,879	\$929,378
<b>Annual Benefits</b>	\$71,729	\$141,650	\$1,042,261

\*Virtual Card+ rebates offered through monetized methods of Virtual Card, RTP, Wire, and expedited ACH offerings.

\*\*Results vary by customer.

\*\*\*Cost savings are derived by moving from manual checks to electronic payments.
