Unlocking ROI: Streamlining Payments with Hyphen HomeFront + Hyphen Wallet

Integrated Electronic Payments

Hyphen Wallet transforms Accounts Payable (AP) processes for Builders by seamlessly integrating with Hyphen HomeFront -- connecting to accounting systems like Sage Intacct, Sage 300 CRE, QuickBooks Online, and QuickBooks Desktop. Users can now facilitate all AP payments, such as Virtual Card, Real-Time-Payments, Wire, Same-Day ACH, and Print Check, all in a single click payment process. Hyphen Wallet, as an integrated payment solution, saves time and money, driving better cash flow and Virtual Card+ rebates to your bottom line.

Below are examples** of Hyphen HomeFront + Hyphen Wallet users illustrating the range of cost savings*** and rebates customers can expect:

 	 HomeFront Customer #1	 HomeFront Customer #2	 HomeFront Customer #3
Annual AP Spend per Year	\$132 MIL	\$52 MIL	\$22 MIL
# of Payments per Year	6,406	3,180	1,311
% of Payments by Check	95%	80%	65%
ROI ESTIMATES			
Annual Cost Savings	\$24,388	\$13,411	\$5,580
Annual Rebates Generated	\$40,173	\$22,852	\$9,650
Total Program Value, including Operational Efficiencies	\$97,890	\$51,785	\$22,195

*Virtual Card+ rebates offered through monetized methods of Virtual Card, RTP, Wire, and expedited ACH offerings.

**Results vary by customer.

***Cost savings are derived by moving from manual checks to electronic payments.
