

## ROI

## HYPHEN WALLET: ePayments That Deliver Results and Supplier Satisfaction

### Seamless ePayment Automation

Hyphen Wallet is a cloud-based solution that streamlines B2B accounts payable in a single click, delivering secure and flexible ePayments that reduce manual work, payment friction, and risk. With a single-step process, businesses can optimize payments for cost savings and generate additional revenue through rebate\* programs.

Below are examples\*\* of Hyphen Wallet users illustrating the range of cost savings\*\*\* and rebates customers can expect:

HYPHEN WALLET	Customer #1	Customer #2	Customer #3
<b>Annual AP Spend per Year</b>	\$32 MIL	\$110 MIL	\$1.8 BIL
<b># of Payments per Year</b>	3,852	6,411	102,576
<b>% of Payments by Check</b>	100%	60%	27%
<b>ROI ESTIMATES</b>			
<b>Annual Cost Savings</b>	\$15,839	\$19,771	\$113,883
<b>Annual Rebates Generated</b>	\$9,600	\$33,000	\$540,000
<b>Annual Benefits</b>	\$25,439	\$52,771	\$653,883

\*Rebates available for Expedited Payments processed over the Hyphen Wallet network.

\*\*Results vary by customer.

\*\*\*Cost savings are derived by moving from manual checks to electronic payments.
