Delivering Immediate Bottom-Line Value

Streamline the construction accounts payable process to increase payment efficiencies, eliminate paper-check payments, and reduce AP costs. Hyphen Wallet delivers over $10,500 in benefits for every $10 million in accounts payable spend.

Pay 100% Electronically

Pay 100% of invoices with a single-click payment process using ACH, Virtual Card, Electronic Print Check, RTP, Same-Day ACH and Wire. Every payment is optimized to pay Suppliers efficiently with faster payment delivery.

Cloud Payment Processing

Hyphen Wallet + Sage Intacct streamlines all AP payments through a single-click payment process. From payment request to reconciliation, Hyphen Wallet provides real-time payment status, enabling automation from creation to reconciliation.

Comprehensive Payment Services

Hyphen Wallet continuously enables Suppliers for electronic payment and validates Supplier payment information as it changes over time. Unburden your AP team from these tedious tasks and focus on higher value initiatives. No longer manage the payment type in Sage Intacct, as Hyphen Wallet manages and updates all payment data, including sensitive bank information.

Key Differentiators: Hyphen Wallet + Sage Intacct

- ✓ Integrates to Sage Intacct
- ✓ Mitigated payment risk, including collecting and storing sensitive bank information
- ✓ Most comprehensive payment offering, including Virtual Card, ACH, Wire, RTP, Same-Day ACH, Next Day ACH, and Check
- ✓ Customer and Supplier payment platforms providing dashboards, reporting and real-time payment status
- ✓ Supplier payment support team handling status inquiries and payment modifications
